㈜영앤콘텐츠
Young&Contents Co., Ltd is distributing Korean broadcasting contents to worldwide.

Y&C’s CEO, Lee Hyo-young had worked for KBS Media for more than 26 years as a head of Global Marketing Department. After having worked as a CEO for Hunus Entertainment which is a drama production & management company for 2 years, then He established his own company.

During his working for KBS Media, He was one of the most distinguished contributors to the export of Korean contents that led the distribution of numerous dramas such as “Winter Sonata,” “Full House,” and “Boys Over Flowers” to global markets. Currently, He runs Y&C, a global distributor specializing in Korean wave contents, and is responsible for the spread of Korean wave contents to worldwide.

After He got independent, He has been selling a lot of Korean dramas to many countries, which are high quality dramas like <The King Loves>(MBC), <My Little Baby>(MBC) as well as SBS entertainment variety program <Flower Cards>, MBN drama <It's ok, Mom>, <It's ok, Dad>. Plus, Some newly planned dramas <Prometheus>, <Star City>, <Sweet Revenge>, <Melting Heart>, and music entertainment program <Sing For You>, <Idol Live TV>, etc.

Y&C is now distributing some brand-new dramas <Casting a Spell to you>, <TOP MANAGEMENT>, <Oh My Captain!>, <At The Moment>, etc. And Y&C is also selling Korean IPs(Format or Remake Rights) to other countries and doing advertising business like PPL for broadcasting programs.

Mr. Lee has very decent & strong relationships with many TV stations & drama productions. So He is one of the most credible distributor based on CEO Mr. Lee's long-term career & broad networks. Y&C is also doing Merchandising businesses like BTS goods, K-POP goods, dramas goods, etc. And Y&C started to join some co-productions of Korean dramas & etc on the basis of his distribution & business know-hows.

Y&C is a expecting company that will be rapidly growing to a global big contents group. We hope that we can make a long-term partnership and a win-win relationship in the near future.
